

Remote Support Demo Room Open for Tours

Our Remote Support Demonstration Room is a mock efficiency apartment set up to demonstrate a variety of technologies available to help a person be more independent within his/her home. In addition to the Remote Monitoring System, other technologies are featured including smart plugs, Alexa, iPad, door sensors, and other items designed to make life easier for people with disabilities.

Technology was paid for by a Grant from OSU/Nisonger Center in collaboration and with funding support from the Ohio Department of Developmental Disabilities.

To schedule a tour, please call Mary Dalbey- Coordinator of Provider Recruitment and Development
419-774-4418 or e-mail at mdalbey@rnewhope.org

Tour Location:
Richland Newhope SSA Bldg.
Richland County Board of DD
220 Home Avenue
Mansfield, OH 44902
