

Summer S.L.I.C.E

(Skills for Living, Independence & Career Exploration)

The purpose of Summer SLICE is for youth to explore different careers, learn to navigate public transportation, practice social skills to connect with their community, build friendships, plan for the future, contribute to their community through volunteering, gain independence, acquire skills to be a dependable employee, build confidence, and have fun! Since Summer SLICE could not be conducted in person this year, please enjoy this online alternative. Click on the blue underlined topics to access informational videos and websites. For any VR tours there are arrows in the top left corner to be used for an all-around view of the business. Please come back each week to discover new videos as new videos will be released on July 13, 20, 27 and August 3.
